

**FLUVAL**

AQUASKY

3.0 Strip LED Lighting

FOR FRESH OR SALTWATER AQUARIUMS

Controlled exclusively via the new FluvalConnect mobile app and high-lighted by RGB + dual white LEDs, Aquasky 3.0 allows users to completely customize their color spectrum, light cycle and dynamic effects. This latest generation also features both Bluetooth and Wi-Fi (2.4 GHz) connectivity, making it the most versatile lighting option from Fluval.
